Student Comments:

- I really enjoyed being able to retake the quizzes. It helped me be able to understand the material on a deeper level.
- Very flexible and is always willing to work with you. Offers a lot of office hours.
- Great teaching style and test taking style.
- Great professor, always was available to meet with his students to help better their grades.
- Professor Packauskas's teaching and grading method was extremely helpful. As someone who has testing anxiety, the quiz grading method was extremely helpful in reducing my anxiety when taking the quizzes and tests. He provides his students with ample opportunities to catch up, retake quizzes, and get help with his wide range of office hours and his willingness to compromise to his students needs. Overall, he was/is a great professor.
- I really appreciated the approach the professor used throughout the semester. It helped me a lot during the semester due to the fact that math has always been a tough subject for me to understand. so the weekly quizzes took off the stress from not taking a huge unite exam.
- I really enjoyed Mr Packauskas's teaching style and the way we did homework/quizzes in this class.
